DESCRIPTION

Unique Apartment on the Frontline of Poniente Beach

Unique homes on the frontline of Poniente Beach, Benidorm

Exclusive new build completely finished, located on the last available plot on the frontline of Poniente Beach, Benidorm. This luxury housing project, with an innovative architectural design and top-level qualities, consists of 39 homes with 2, 3, and 4 bedrooms distributed over 20 floors. All homes feature spacious terraces and unparalleled panoramic views of the Mediterranean Sea.

The building stands out for its spectacular design, which conveys a sense of lightness and harmony, prioritizing energy efficiency and sustainability. Unlike most constructions in the area, the building is set back from the sea to create a large landscaped platform that, along with the impressive infinity pool, visually merges with the horizon, generating a unique space of connection with the marine environment.

The project promotes a sustainable and environmentally responsible lifestyle, aimed at maximum energy efficiency. Thanks to this, it has obtained the international LEED Gold certification, awarded by the United States Green Building Council.

The finishes reach an exceptional level, with a careful selection of materials and elegant interior design. Among its common areas, there is a 350 m² elevated infinity pool above street level to enjoy uninterrupted sea views and greater privacy, as well as a gym, paddle court, heated pool, social club on the upper floors, and more than 3,000 m² of landscaped areas.
